

# DEEP WOODS IVORY, SEMILLON/SAUVIGNON BLANC, 2018

## Wine Introduction

These multi-award-winning wines display individual varietal characteristics and represent unsurpassed excellence from the Margaret River Region. The range receives much praise, with prominent Western Australian journalist Ray Jordan noting, "Quite simply, you don't expect to get this level of sophistication at this price point."

## Tasting Notes

Very pale in color with brilliant green hues. A punchy and vibrant nose exhibiting aromas of lime and guava laced with lemon blossom. Intense, juicy citrus, lemongrass and passion fruit flavours instantly fill the mouth. 'Crunchy' acidity adds complexity and provides a refreshing backbone to the wine.

## Winery Background

The 80-acre property is perched high on a ridge which unfolds into a picturesque secluded valley bounded by stands of Jarrah and Marri trees; hence the name Deep Woods. The estate comprises a modern winery, vineyard, cellar door and homestead and with its large natural spring, dense woodlands and spectacular views is surely one of the region's most scenic wineries. The philosophy of low vineyard yields producing outstanding fruit, which is processed and bottled in small batches, ensures superior quality wines.

Deep Woods' small and dedicated team controls the winemaking process, which utilizes a combination of traditional and modern techniques, from the vine through to the bottle. The estate is one of only a few small wineries in the region with its own bottling line.

The team at Deep Woods is passionately focused on producing quality wines through management of the vineyard, fruit selection and winemaking techniques, and consistently produces award-winning wines primarily from estate-grown fruit.

Total Acidity	7.53g/L
pH	3.14
Closure	Screwcap
Bottle Size	75cl
Case Size	6 Bottles/ Pack

## Vinification Note

Ivory is a classic blend of Semillon and Sauvignon Blanc produced from both select growers and Deep Woods Estate-grown fruit. The 2018 vintage was, in a word, outstanding. The growing season was steady and moderate, without spikes of heat seen in previous years.

The aromatic varieties of Semillon and Sauvignon Blanc performed exceptionally well across the region with vibrant, pristine fruit and racy, natural acidity. This wine is comprised of Semillon from the northern part of the region where it achieved full ripeness, and Sauvignon Blanc, from the very south of Margaret River where the most exuberant fruit was found.
